FLAG DAY

(ARGENTINA)

Well, today I am going to talk about the commemoration of the death of Manuel Belgrano, creator of the current flag of Argentina, that is why this commemoration is given.

● **MANUEL BELGRAMO**

First, I would like to explain that the creator of the Argentine flag was Manuel José Joaquín del Corazón de Jesús Belgrano González, better known as Manuel Belgrano

MILITARY LIFE

Next, I want to mention that Next, I want to mention that Manuel Belgrano was an important leader of the May Revolution that started the independence process in Argentina

HIS PASSING

Finally, I conclude by saying that Belgrano died of hypohydria, a rare disease, which is due to the accumulation of serous humor in the intercellular spaces of the subcutaneous or deep tissues, and in the serous cavities.
